

## OUR MISSION

Is to honor life, offer care and comfort with dignity and ease the burdens of all patients, caregivers and families enduring the challenges of a serious and progressive illness.

## How Our Hospice Services Work

Under the direction of a physician, our team of clinicians offers a compassionate caring atmosphere that surrounds your loved one with the medical, social, emotional and spiritual aspects of treatment.

Our passion for excellence without exception demonstrates our commitment to our patients, their family members and the community.

All patients must meet eligibility requirements for hospice services. The Medicare Hospice Benefit covers Hospice services 100% related to the terminal diagnosis. Patients must choose to elect the hospice benefit and agree to hospice managing all aspects of care related to the terminal diagnosis.
